Project Description

According to the IADB, the objective of this Technical Cooperation (TC) is to strengthen the foundations of an adaptive social protection system in Belize by enhancing the institutional, operational and digital capacities of the Ministry of Human Development, Family Support and Gender Affairs. The TC will (i) assess and optimize key processes related to cash transfers, poverty case management, social assistance programs and services under the Ministry's mandate, and shock-responsive mechanisms to improve scalability and coordination; (ii) define the functional architecture and interoperability requirements of an integrated management information system (MIS) to support dynamic beneficiary management and rapid response to shocks, and (iii) develop a phased implementation roadmap and indicative investment plan to operationalize a more data-driven, adaptive social protection system.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
