Voting Date	2016-11-23
Borrower	Government of Bolivia
Sectors	Water and Sanitation
Investment Type(s)	Loan
Investment Amount (USD)	\$ 30.00 million
Project Cost (USD)	\$ 33.97 million

Project Description

The objective of the project is to help reduce the negative impacts of extreme geodynamic and hydrometeorological events in the cities of La Paz and El Alto, by protecting the population against flood risks and reducing the economic costs associated with such events. This objective will be achieved through actions to improve the storm drainage and management systems,

Investment Description

- Inter-American Development Bank (IADB)

Contact Information

ACCOUNTABILITY MECHANISM OF IDB/ IIC

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
