Financial Products to Promote Climate Change Resilience in Bolivia

IADB-BO-L1197

Quick Facts

Countries	Bolivia
Financial Institutions	Inter-American Development Bank (IADB)
Status	Approved
Bank Risk Rating	U
Voting Date	2017-10-25
Borrower	Government of Bolivia
Sectors	Agriculture and Forestry, Climate and Environment
Investment Type(s)	Loan
Investment Amount (USD)	$ 1.50 million
Loan Amount (USD)	$ 1.50 million
Project Cost (USD)	$ 3.00 million

Project Description

The project will channel loan resources to small scale clients whose main activity is agriculture or animal farming, integrating loans with technical assistance related to adaptation to climate change, in all of the intermediary's rural agencies in which their clients' incomes are dependent on agriculture, have highly fragmented land holdings, high levels of vulnerability and limited access to information about climate change and sustainable farming practices.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
