Rural Electrification Program III

Quick Facts

Countries	Bolivia
Financial Institutions	Inter-American Development Bank (IADB)
Status	Approved
Bank Risk Rating	B
Borrower	Plurinational State of Bolivia
Sectors	Energy
Investment Type(s)	Loan
Investment Amount (USD)	\$ 100.00 million
Loan Amount (USD)	\$ 100.00 million

Project Description

The general objective is to increase access to electricity in the rural area of the Plurinational State of Bolivia, facilitating the integration of the population to public and social services, contributing to the reduction of poverty levels. The specific objectives are to increase: (i) the coverage of electricity service in rural areas; (ii) the consumption of electrical energy in productive uses in rural areas, with a gender focus; and (iii) the electric power transmission capacity to meet the demand in the area of coverage expansion under the program, and reduce CO2 emissions associated with the use of fossil fuels in isolated systems.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
