Project Description

The TC´s objective is to support the Government of Bolivia with the analysis of the impacts that technological change will have on the labor markets in the region and in particular in Bolivia. It will also review how opportunities and challenges for jobs for the future. It will analyze the skill needs and will support the design of pilots and - or policies for the promotion of employments for youth and women in strategic growth sectors. It will support the analysis of new technologies and tendencies that permeate the labor market and their skills needs, as well as the current gap in the country to be able to promote productivity in employment in specific sectors.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
