Project Description

According to the ban, "the objective of the TC is to analyze policy options to promote the generation of new jobs, while improving the capacity of workers and job seekers to update themselves and work in a world of rapid technological change. We will work in order to generate an environment for formalization by proposing public policies that will facilitate new companies to grow and innovate, as well as promote the generation of skills so companies can implement innovations. In addition, the project will design policies to promote women's access to better jobs."

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
