Project Description

The objective of the TC is to support the implementation of the Program for the Improvement of Accessibility to Maternal and Neonatal Health Services in Bolivia (BO-L1198). Technical assistance services will be financed in order to contribute specialized technical expertise and strengthen the institutional capacity of the SEDES and the Ministry of Health in the following areas: (i) monitoring and follow up of performance indicators; (ii) intercultural adaptation of the care model; (iii) education and promotion programs aimed at the general population and at schools ("healthy schools") on aspects of sexual and reproductive health, (iv) introduction of aspects of technological innovation in both the care and information systems for health, and (v) specific actions related to eclampsia due to altitude.

Investment Description

- Inter-American Development Bank (IADB)

Ordinary Capital

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
