## Project Description

The objective of this TC is to finance the studies associated with the preparation and implementation of the New La Paz-El Alto Linear Park (Thakhi Tantasina). Through a Bank-financed Program, a 17-kilometer linear park will be built between the two cities, which will provide greater access to quality public spaces for recreation and social integration in a large natural corridor that will boost the active mobility of their habitants.

## Investment Description

- Inter-American Development Bank (IADB)

## Contact Information

No contact information provided at the time of disclosure.

## ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
