Support for the implementation of the New Housing and Urban Development Policy in Bolivia and preparation of the Urban Program of the Municipality of Sucre

Project Description

This Technical Cooperation (TC) will finance studies to strengthen the capacities of territorial management and subnational urban investments of the Ministry of Public Works, Services and Housing (MOPSV), through its Vice Ministry of Housing and Urbanism and the Autonomous Municipal Government of Sucre. As specific objectives, this TC will support the design of programs and projects to strengthen territorial management at the central government and subnational government levels, including the incorporation of adaptation and mitigation actions to climate change and aspects of gender and social inclusion, together with the design of public spaces, basic infrastructure works and resilient and eco-efficient housing.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
