| Project Cost (USD) | \$ 0.20 million |

Project Description

According to the IADB, the overall objective of this Technical Cooperation (TC) is to strengthen the maternal and neonatal healthcare model in the Amazon region, with a special focus on the lowlands of Bolivia. Actions include the analysis of health indicators, assessment of service provision and care networks, the design of culturally adapted strategies, and training of human resources in intercultural health. These initiatives aim to improve the quality, equity, and access to maternal and neonatal health services, while respecting the cultural diversity of the communities.

Investment Description

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
