Project Description

According to the IADB, the overall objective of this project is to strengthen the capacity of the Authority for Social Oversight and Control of Forests and Land (ABT) to manage forests and land. The specific objectives are: i) to strengthen ABT's capacity to supervise forest use in Bolivia; ii) to improve control and early warning tools; and iii) to update and modernize the legal framework to facilitate forest use by indigenous communities.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
