Project Description

According to the Bank's website, this project finances the reduction of urban development disparities, integrating the 'Orla Noroeste' northwestern rim zone into the rest of the city. This will entail (i) promotion of integrated urban improvement of the northwestern rim zone with complementary urban management and climate change resilience actions; and (ii) reduction of violent crime in the area of influence of the northwestern rim, through social prevention measures against youth violence and actions to support the strengthening of the Municipal Guard in crime prevention and control.

Investment Description

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
