Project Description

The objective of the Program is to assure the right of learning of students of public schools of the state of Para at the right time, and to potentiate the economic development of the state through the expansion of vocational high school. This requires the implementation of the "Learning Agenda" as an integrative practice of Seduc / PA initiatives. This agenda has actions aimed at improving management, increasing access to education, training of professionals, the implementation of the new high school and permanent technical assistance to the 144 municipalities. The main specific goals of this project is to i) improve institutional capacity and automating process; ii) expand access to vocation education throught the state and to basic education on rural areas; and iii) improve the quality of pedagogical process to improve quality of education.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
