### **Project Description**

The specific development objectives of this operation will be: (i) develop capacity for the identification and structuring of infrastructure projects and PPPs; and (ii) provide long-term financing for investments in relevant infrastructure for strategic production chains in the Northeast Region. The achievement of these objectives will contribute to the general development objective of promoting the sustainable development of the Northeast of Brazil by reducing bottlenecks in relevant infrastructures for strategic productive chains for the region.

## ACCOUNTABILITY MECHANISM OF IDB / IDB INVEST

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IDB Invest)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IDB Invest is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
