Investment Amount (USD)	\$ 205.00 million
Loan Amount (USD)	\$ 205.00 million
Project Cost (USD)	\$ 411.00 million

Project Description

According to the IADB, the general objective of this operation is to improve the health conditions of the MSP population, by expanding access and increasing the quality of health services, consolidating the RAS in the most vulnerable regions of the municipality. Its specific objectives are: (i) improve access to the hospital services of the Direct Management RHMS (ii) improve the quality of the MSP's health services; (iii) increase the efficiency of the Directly Management RHMS hospitals; and (iv) strengthen the integration of the Direct Management RHMS hospitals with the other levels of care.

ACCESS TO INFORMATION

You can submit a request for information disclosure at:

<https://www.iadb.org/en/access-information/information-request>.

-

ACCOUNTABILITY MECHANISM OF IDB / IDB INVEST

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IDB Invest)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IDB Invest is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
