<b>Loan Amount (USD)</b>	\$ 1,000.00 million
<b>Project Cost (USD)</b>	\$ 1,000.00 million

## Project Description

According to the IADB, the General Development Objective is to accelerate investment growth for the Ecological Transformation of Brazil. The Specific Development Objectives are to: (i) strengthen institutional capacity to promote Brazil's ecological transformation; (ii) enhance capital-raising for funding ecological transformation projects; and (iii) improve the business environment through simplifying taxes, and enhancing fiscal sustainability.

You can submit a request for information disclosure at:

<https://www.iadb.org/en/access-information/information-request>.

-

## **ACCOUNTABILITY MECHANISM OF IDB / IDB INVEST**

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IDB Invest)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IDB Invest is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
