Project Description

The objective of the CCLIP is to improve the efficiency and effectiveness of public security and justice programs in Brazil, specifically in the sectors of: (i) management and governance of public security; (ii) prevention of violence; (iii) police modernization; and (iv) access to justice and social reintegration.

"Component 1. Management and governance of public security. The objective is to enhance the quality of the information and scientific evidence available to decision makers, increasing their ability to monitor the actions implemented and formulate more precise, effective and evidence-based strategies, using collaborative and results-oriented governance mechanisms. accountability."

"Component 2. Prevention of violence. The objective of the component is contribute to reducing risk factors for violence and strengthen factors of protection at the individual, family, school, or community level, seeking the behavior change through reinforcement of pro-social skills and stimulation of social coexistence, with emphasis on the situation of young people in risk and women victims of violence."

"Component 3. Police modernization. The objective is to promote strategies proactive, focused and preventive police officers, based on criminal analysis and intelligence integrated, aimed at protecting the community and with social legitimacy."

"Component 4. Justice and social reintegration. The goal is to strengthen a agile criminal justice system that reduces impunity, and promotes social reintegration of those deprived of liberty, contributing to the prevention of the recidivism and the reparation of the damage in the victims."

The documantation attached is related to a credit line borrowed by the state of Espírito Santo, which is the only state that has advanced in its proposal to guarantee the financing of its security expenditures untill this moment (September 7th, 2020).

Investment Description

- Inter-American Development Bank (IADB)

This investment is not exactly a loan. It is a special kind of loan. It is a credit line, which means that the total amount made available by the bank will not necessarily be used.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
