### Project Description

The general objective of this TC is to understand the opportunities for open innovation for technology-based entrepreneurship and to enhance the institutional capacity in designing instruments to promote such entrepreneurship through open innovation. Specific objectives of this TC are to (i) understand the opportunities and implications of open innovation for entrepreneurial ecosystem in Brazil; (ii) assess the potential of open innovation for startups in Brazil; and (iii) design strategies and policy instruments to help stimulate open innovation to maximize the benefits for entrepreneurial ecosystem.

## Investment Description

- Inter-American Development Bank (IADB)

## Contact Information

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
