<b>Project Cost (USD)</b>	\$ 0.20 million

---

## **Project Description**

The objective of this Technical Cooperation (TC) is to support the Brazilian government in the implementation of the new consumption taxation model, based on dual VAT, specifically in the design of models for: (i) VAT collection (CBS, at the federal level and IBS at the state and municipal levels); (ii) distribution of the IBS collection; and (iii) functioning of the Federative Council, composed of representatives of the states and municipalities, which will be created to administer the IBS.

## ACCESS TO INFORMATION

You can submit a request for information disclosure at:

<https://www.iadb.org/en/access-information/information-request>.

-

## ACCOUNTABILITY MECHANISM OF IDB / IDB INVEST

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IDB Invest)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IDB Invest is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
