Borrower	Government of Brazil
Sectors	Climate and Environment, Technical Cooperation, Transport
Investment Type(s)	Advisory Services
Investment Amount (USD)	\$ 0.20 million
Project Cost (USD)	\$ 0.20 million

Project Description

The general objective of this TC is to provide technical support to promote decarbonization and electromobility in urban mobility in Brazil, assisting both the Federal Government and subnational entities. The specific objectives of the TC are: (i) to support the preparation and execution of new credit operations; and (ii) to support the structuring of new business models for the financing and operation of sustainable urban mobility services, as well as dialogues to foster public policies that promote decarbonization in urban mobility and an incentive to the use of Public Transportation (PT).

ACCESS TO INFORMATION

You can submit a request for information disclosure at:

<https://www.iadb.org/en/access-information/information-request>.

-

ACCOUNTABILITY MECHANISM OF IDB / IDB INVEST

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IDB Invest)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IDB Invest is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
