<b>Investment Type(s)</b>	Advisory Services
<b>Investment Amount (USD)</b>	\$ 1.00 million
<b>Project Cost (USD)</b>	\$ 1.00 million

## Project Description

The objective of this Technical Cooperation (TC) is to support the structuring of Public-Private Partnership (PPP) projects for the sustainable management of subnational environmental assets, including forest management projects and/or the recovery of degraded areas in the Brazilian Amazon. This support to subnational governments will be provided through BNDES and in coordination with the Brazilian Forest Service (SFB).

## ACCOUNTABILITY MECHANISM OF IDB / IDB INVEST

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IDB Invest)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IDB Invest is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
