Project Description

According to the IADB, the Technical Cooperation (TC) aims to support the Government of Tocantins in the design and initial implementation of the Programa de Desenvolvimento Economico Sustentavel do Estado de Tocantins (Tocantins Mais Sustentavel). This will be achieved by conducting diagnostic studies, providing technical assistance and capacity-building to strengthen institutional frameworks, enhance productive sector competitiveness, and improve investment and trade facilitation mechanisms.

-

ACCOUNTABILITY MECHANISM OF IDB / IDB INVEST

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IDB Invest)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IDB Invest is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
