Project Description

According to the IADB, this TC aims to support Brazilian cities in designing integrated and resilient urban development projects that promote sustainability and social inclusion. This TC focuses on improving the living conditions of low-income and vulnerable populations through targeted interventions addressing entrenched inequalities and promoting inclusive urban growth. Specifically, this TC will (i) provide technical assistance to municipalities for the design, preparation, and execution of integrated urban development programs, with a focus on sustainability and climate resilience; and (ii) strengthen institutional capacities to ensure projects incorporate technical, environmental, and social analyses, consistent with international and sectoral best practices.

ACCOUNTABILITY MECHANISM OF IDB / IDB INVEST

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IDB Invest)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IDB Invest is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
