Project Description

According to the IADB, the objective of this Technical Cooperation (TC) is supporting the strengthening of the institutional capacity of the State of Para and of the Empresa de Tecnologia da Informacao e Comunicacao do Estado do Para (PRODEPA) to enhance internet connectivity in the State of Para. This TC also aims to contribute to the successful execution of operation "Para More Connected - Meaningful and Sustainable Connectivity for the Digital Transformation of Para" (BR-L1644), a project co-financed by the IDB and Agence Francaise de Developpement (AFD). The specific objectives of this TC are: (i) support for the technical capacities and sustainability of PRODEPA; (ii) support for PRODEPA's organizational reform, and (iii) support regional integration.

ACCOUNTABILITY MECHANISM OF IDB / IDB INVEST

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IDB Invest)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IDB Invest is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
