Project Description

According to the IADB, the objective of this Technical Cooperation (TC) is to support the piloting and evaluation of an integrated home care model for older adults with functional dependency in Brazil, while providing support to unpaid family caregivers, particularly women. This TC will contribute to the early implementation of the National Care Policy (Law No. 15.069/2024), which establishes care as a universal right and promotes shared responsibility for its provision among families, communities, the State, and the private sector.

ACCOUNTABILITY MECHANISM OF IDB / IDB INVEST

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IDB Invest)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IDB Invest is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
