Project Description

The overall objective of this Technical Cooperation (TC) is to help improve the efficiency of the Unified Health System (SUS) and the quality of care through the production of qualified data and information, and the strengthening of the technical and operational capacity of subnational governments in Brazil. The specific objectives of the TC are: (i) to produce high-quality health data and information to support decision-making and strengthen the performance of the operations of the Health, Nutrition and Population (HNP) Division in Brazil; and (ii) to improve the efficiency of the health services network in the state of Piaui through diagnostic studies and investment proposals.

Investment Description

- Inter-American Development Bank (IADB)

ACCESS TO INFORMATION

You can submit a request for information disclosure at:

https://www.iadb.org/en/access-information/information-request.

ACCOUNTABILITY MECHANISM OF IDB / IDB INVEST

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IDB Invest)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IDB Invest is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
