Capacity-Building and Knowledge Platform for Precision Medicine and Clinical Translation

Project Description

This Technical Cooperation (TC) will strengthen regional and national capacities in precision oncology and translational medicine by establishing a knowledge, training, and collaboration platform that expands access to specialized scientific content, promotes multidisciplinary and international exchange, and supports the proper evaluation and application of emerging technologies. Specific objectives are to: (i) strengthen the competencies of health professionals, researchers, and institutions to assess and apply advances in precision medicine, translational research, and emerging health technologies; (ii) foster multidisciplinary collaboration and connect regional actors with international scientific and institutional networks; and (iii) consolidate institutional capacity for continuing education, knowledge exchange, and the development of future cooperation and research initiatives in precision medicine and related therapeutic areas.

ACCOUNTABILITY MECHANISM OF IDB / IDB INVEST

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IDB Invest)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IDB Invest is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
