Project Description

According to the IADB, the objective of the Project is to finance the design, construction, installation and implementation of technified irrigation systems for smallholder farmers to increase their productivity and resilience against the effects of climate change.

Investment Description

- Inter-American Development Bank (IADB)

Private Actors Description

As stated by the IADB (translated with DeepL.com), the borrower and executor of the project will be CZTokosova, which is a Chilean Sociedad por Acciones (SpA) established in Temuco and operating since 2016. The company's mission is to provide integrated water and energy efficiency solutions with state-of-the-art technified irrigation systems to optimize agricultural productivity in Chile.

Contact Information

No project contacts provided at the time of disclosure.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
