---

### Project Description

According to the IADB, the general objective of the project is to support the implementation of the pension reform (Law No. 21,735), as a necessary condition for improving the adequacy, gender equity, and access to information in the Chilean pension system (SPC). The specific objective is to improve the institutional capacity of the actors responsible for implementing the pension reform to support timely and high-quality compliance with the new obligations related to the collection and accreditation of contributions, payment of benefits, oversight, and dissemination of information to the public.

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
