Social Enterprise for Innovative Math Instruction

IADB-CH-T1180

Quick Facts

Countries	Chile
Financial Institutions	Inter-American Development Bank (IADB)
Status	Approved
Bank Risk Rating	C
Voting Date	2017-01-26
Borrower	Government of Chile
Sectors	Education and Health
Investment Amount (USD)	$ 0.75 million
Project Cost (USD)	$ 1.50 million

Project Description

The project will include high tech elements such as e training platform, adaptive learning, and gamification to an established math curriculm. Also the project will lay the groundwork for the creation of a social enterprise in Chile that will offer the JUMPMath curriculum, its advisory services and guidance to public schools in economically vulnerable areas. Through these efforts, the project intends to elevate the quality of math instruction at the national level.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
