Project Cost (USD)	$ 0.60 million

Strengthening Chile's Climate Change Agenda and Support for the Organization of COP25

Project Description

The objective of this Technical Cooperation (TC) is to assist Chile in the logistics and advancement of COP expected outcomes, including at the domestic, regional, and international scales, as the country assumes the presidency of the twenty-fifth Conference of the Parties (COP25) to the United Nations Framework Convention on Climate Change (UNFCCC.). Activities in preparation of COP25 will also include some coordinated interventions with the government of Costa Rica, which will host the pre-COP summit. COP25 will take place between December 03 and 12th, 2019. The pre-COP is expected to occur in October – November 2019.

Investment Description

- Inter-American Development Bank (IADB)

Technical Cooperation. Ordinary Capital

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
