Support for Chile's Public Integrity, Transparency and Open Government Agenda II

Project Description

The general objective of this TC is to contribute to the Government of Chile in continuing to strengthen and consolidate the legal and institutional framework for the prevention and control of corruption. Specifically, this TC will assist the government in the design and implementation of public policies for transparency, integrity and open government, through the preparation of reports, strategies and the development of awareness-raising and training exercises, among other activities.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
