IADB-CH-T1294

Design and implementation of a critical path for the labor inclusion of migrants in Chile

Project Description

Support the efforts of the Government of Chile to promote the proper labor insertion of migrants in Chile. The TC will finance the design and implementation of a critical route that considers the professional training and work experience of migrants and, from there, suggest ways for formal labor insertion through employment or legal enterprises.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (Spanish).
