Support Regional and Municipal Governments on Solid Waste Management and the Promotion of the Circular Economy

Project Description

The general objective of this TC is to support the preparation and implementation of a results-based investment loan (PBR) to build capacity among Regional Governments (GORE) and Municipal Governments (GOM) in solid waste management and the promotion of the circular economy. Specific objectives include: i) supporting the Subsecretariat of Regional and Administrative Development (SUBDERE) in strengthening GOREs and GOMs (municipalities and associations of municipalities) in planning and coordination; and ii) capacity building for solid waste management and circular economy.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
