Project Description

According to the IADB, the objective of this Technical Cooperation (TC) is to contribute to strengthening institutional capacities for the management of public security, criminal prosecution, organized crime, and justice in Chile. Specifically, this TC will allow for the necessary studies, diagnoses, and evaluations to contribute to strengthening the Ministry of Public Security as the governing body in this area, and to decision-making in crime prevention and the fight against organized crime through the generation of timely and relevant knowledge and information.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
