### **Project Description**

Contribute to the fight against deforestation and the construction of an inclusive environmental policy, through the consolidation of social and economic initiatives as dynamic pillars of the sustainable use of the forest and biodiversity. This project seeks to promote sustainable productive alternatives that contribute to the stabilization of the agricultural frontier, reduce deforestation, and strengthen the institutional capacities and the communities that inhabit them.

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
