Investment Amount (USD)	$ 3.50 million
Project Cost (USD)	$ 3.50 million

PROGRAM TO SUPPORT THE HEALTH SECTOR TO CONTAIN AND CONTROL CORONAVIRUS AND TO MITIGATE ITS EFFECT IN SERVICE PROVISION IN MUNICIPALITIES BORDERING ECUADOR

Project Description

The overall objective of this project is to help reduce the morbidity and mortality caused by COVID-19 and to mitigate other indirect impacts of the pandemic on health in the municipalities of Nairno and Putumayo, border with Ecuador. The project will benefit the Colombian and Ecuadorian population on both sides of the border by improving basic health service provision and epidemiological surveillance at border crossings.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
