Investment Type(s)	Grant
Investment Amount (USD)	\$ 3.00 million
Grant Amount (USD)	\$ 3.00 million
Project Cost (USD)	\$ 3.90 million

Project Description

According to the IADB, the objective is to promote restoration actions for the ecological, social, and productive transformation of degraded ecosystems in prioritized areas of the Catatumbo subregion. This will be achieved by: (i) strengthening capacities for the design and implementation of restoration processes with a community-based and gender perspective; (ii) implementing participatory restoration processes; and (iii) strengthening community mechanisms that foster the sustainability of restoration processes.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
