Investment Amount (USD)	$ 3.00 million
Grant Amount (USD)	$ 3.00 million
Project Cost (USD)	$ 3.00 million

Project Description

According to the IADB, the general objective of the Program is to contribute to reducing the vulnerability of Cartagena's residents to climate-related events. The specific objectives are: (i) to increase access to drainage services; (ii) to contribute to the proper management of urban solid waste (MSW) by promoting the participation of the local and migrant population; (iii) to increase and improve access to drinking water and sanitation services; and (iv) to strengthen the capacity of the Mayor's Office to generate its own revenue.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
