### **Project Description**

The general objective of the operation is to improve the effectiveness of the management of government priorities in Colombia by strengthening key center of government (CoG) functions. The specific objectives are to: (i) improve quality in the delivery of government priorities, including planning and monitoring and evaluation capacities; and (ii) improve the efficiency and quality of information for managing government priorities.

---

**Investment Description**

- Inter-American Development Bank (IADB)

Ordinary Capital

### Contact Information

#### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
