IADB-CO-L1268

Program to support Colombia's integration into global value chains to boost economic recovery

### **Project Description**

The objective is to strengthen the country's regulatory and institutional framework to promote the attraction and diversification of foreign direct investment and boost post-pandemic economic recovery. The specific objectives are: (i) to maintain a stable macroeconomic environment; (ii) promote the improvement of the business climate for investment; (ii) facilitate post-pandemic export reactivation; (iii) deepen trade facilitation and integration strategies.

#### ACCOUNTABILITY MECHANISM OF IADB/IDB Invest

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IDB Invest)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
