Sectors	Climate and Environment, Finance, Technical Cooperation
Investment Type(s)	Advisory Services
Investment Amount (USD)	$ 0.27 million
Project Cost (USD)	$ 0.34 million

Project Description

This project funds technical cooperation between the Bank and the Colombian Ministry of Finance regarding how to partner finance with climate change initiatives. Specifically, the project will examine training for management with tasks related to climate change, areas of cooperation for finance and climate change initiatives, and the development of technical policy analysis to define strategies and best practice.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
