## Project Description

The general objective of the Technical Cooperation (TC) is to support the Government of Colombia (GoC) in the formulation of policies and regulations for the adoption of Climate-Smart Agriculture (ACI) practices, which contribute to increasing the productivity of the agricultural sector and strengthening its adaptation and mitigation measures for climate change CC. The specific objectives are: i) to support the formulation of the sustainable livestock action plan iii) to strengthen the capacities of the sustainable livestock tables ii) to support the development of the regulations for the institutionalization and operation of the Agricultural Technical Tables (MTA) and iv) support the issuance of regulations to establish guidelines to design and implement reconversion programs for high-impact agricultural activities in delimited moorlands. The TC is developed in support of compliance with policy measures registered in the CO-L1264 Program for Sustainable and Resilient Growth.

## Contact Information

*\*\*Project contacts not available at the time of disclosure.\*\**

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IDB Invest)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
