Support to Colombia on the implementation of the Regional Coordinator of the Andean Electric Interconnection System (SINEA)

Project Description

According to the IADB, the objective of the Technical Cooperation (TC) is to continue supporting the 2020-2030 Roadmap of the Andean Electric Interconnection System (SINEA), through the implementation of the figure of Regional Coordinator (RC), an entity that will be in charge of the international transactions of Colombia, Ecuador and Peru and later Bolivia and Chile; and the development of prioritized studies of the Roadmap.

Support to Colombia on the implementation of the Regional Coordinator of the Andean Electric Interconnection System (SINEA)

Investment Description

- Inter-American Development Bank (IADB)

Project contacts not available at the time of disclosure.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
