<b>Project Cost (USD)</b>	\$ 1.90 million

---

## **Project Description**

The objective of this Technical Cooperation (TC) is to support and provide technical assistance to the Government of Colombia (GoC) to achieve an economic growth with a transition to a Net Zero economy while closing the gap in public services, in this case, in the energy sector. At the same time, supporting the country to achieve a strong, green, and inclusive economic recovery after the COVID-19 pandemic. This will give the tools to public institutions to adapt themselves to changes that energy transition is creating in the sector.

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
