IADB-CO-T1664

Support to contribute to a greater and more effective internationalization of the Colombian

Project Description

According to the IADB, the general objective of this Technical Cooperation (TC) is to support Colombia in the implementation of its internationalization and logistics improvement policies to accelerate the reactivation of the economy and consolidate sustained long-term growth. In particular, this TC will support the execution of the Program to Support the Diversification and Internationalization of the Colombian Economy (CO-L1241) and the Program to Support the Implementation of the New National Logistics Policy (CO-L1263).

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
