### Project Description

Contribute to the institutional strengthening of the Agustin Codazzi Geographic Institute (IGAC), generate technical capacities in the governing bodies of the Multipurpose Cadastre (CM) policy, and promote the use of cadastral information by of the territorial entities. The specific objectives of the TC are: (i) to strengthen the IGAC's information systems and cadastral processes; and (ii) generate technical capacities in the governing bodies of the Multipurpose Cadastre (CM) policy and in the municipalities, for the generation, maintenance, and use of cadastral information. These specific objectives will also seek to strengthen the execution of the Program for the Adoption and Implementation of a Rural-Urban Multipurpose Cadastre (CO-L1164).

### Contact Information

#### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
