Investment Type(s)	Advisory Services
Investment Amount (USD)	$ 0.10 million
Project Cost (USD)	$ 0.10 million

Project Description

The objective of this Technical Cooperation (TC) is to strengthen institutional capacities to accelerate the digital transformation of the public sector in Colombia. In particular, this TC will support: (i) the identification of barriers and opportunities for the development of enabling capacities for digital transformation in public entities of the public investment management and control system; and (ii) the prototyping of solutions that accelerate digital transformation.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
