Project Description

To support the National Planning Department (DNP) in strengthening its management model, technical capacities and institutional coordination, in order to achieve greater efficiency and effectiveness, improving the results of the fulfillment of its functions and competencies. Specifically, it will accompany the process of reforming the structure of the entity promoted since the end of 2021 as a result of a strategic planning exercise carried out since 2019, which suggested the need to optimize its internal management. Such institutional modernization requires the strengthening of human capital as well as strategic processes.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
