Investment Amount (USD)	\$ 0.30 million
Grant Amount (USD)	\$ 0.30 million

Project Description

The general objective of this operation will be to support the design and implementation of a Digital Connectivity Plan for the social and productive transformation of Colombia that will increase access to and meaningful use of digital connectivity. In order to fulfill the general objective, the following are defined as specific objectives: (i) identification of infrastructure needs in areas without Internet access, which allow the connection of homes, public institutions (educational centers, health centers, Government, etc.), and of the strategic points for the productive matrix of Colombia, (ii) identification of the main digital skills to be developed to increase the significant use of digital connectivity, with a gender approach, and (iii) scheme of the necessary institutional framework, of the necessary regulatory and policy reforms to facilitate access to digital connectivity, with a gender approach. Support the design and implementation of a Digital Connectivity Plan for the social and productive transformation of Colombia that allows increasing access and significant use of digital connectivity.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
